### About Aaghaz

To bring out the hidden and innovative talent in college through their work by our publication. Student's thought, ideas, innovation publish in the AAGAZ magazine. Creativity is the single most desirable attribute of an engineer. The general impression of engineers is doing things by the book, rather than writing the rules.

However, nothing could be further from the truth. Today's engineers have more opportunities to be creatively engaged than most. With growing technology, the scope of innovation and its implementation has improved. Students often indulge in their books and don't let their imagination work. I would say that open up your mind and let it explore the worlds untouched. Being an engineer is not limited to being innovative or creative but it is a necessity for the improvement of the society and that is the primary job of an engineer.

Give names, pictures, and brief descriptions of important events.

Utsaaha is our annual sports meet that brings together the entire college in a celebration of athleticism, teamwork, and college spirit. In this event, students from all branches compete against each other in a variety of sports and activities, vying for the honor of being crowned the champions. Utsaaha is more than just a competition; it's a platform for students to showcase their talents, build camaraderie, and contribute to the pride of their respective branches. The event features a wide range of sports, including track and field, soccer, basketball, volleyball, and more, ensuring that there is something for everyone.

ABES Premier League (APL) is the premier cricket tournament of our college, drawing the best cricketing talent from across all departments. This highly competitive and thrilling event sees teams from different branches battling it out on the cricket field, showcasing their skills, strategy, and sportsmanship. The APL is a highlight of the sports calendar, attracting enthusiastic participation and support from students, faculty, and cricket fans alike. It's not just about winning; it's about the spirit of the game, the excitement of competition, and the unity it fosters within our college community.

### How To Join

Every year, in month of August, the Club circulates the volunteer forms for the new members. Similarly, a separate form for becoming a team member is floated. Club faculty team invites all the students who give consent for the team members on various positions and conducts an interview session. Based on the interview, judges nominate the club team for the next session. The nomination of the club team is with the consent of previous club student head, secretary and joint secretary.

Every year, our sports club conducts a meticulous recruitment drive, ensuring that the selection process is both thorough and fair. A dedicated interview panel is assembled to assess candidates, taking into account not only their past involvement in sports but also their participation in other events. This holistic approach allows us to identify individuals who not only excel athletically but also demonstrate qualities such as leadership, teamwork, and dedication. By evaluating candidates across various dimensions, we aim to build a well-rounded team that not only performs on the field but also contributes positively to the club's culture and community.
