About Aaghaz

To bring out the hidden and innovative talent in college through their work by our publication. Student's thought, ideas, innovation publish in the AAGAZ magazine. Creativity is the single most desirable attribute of an engineer. The general impression of engineers is doing things by the book, rather than writing the rules.

However, nothing could be further from the truth. Today's engineers have more opportunities to be creatively engaged than most. With growing technology, the scope of innovation and its implementation has improved. Students often indulge in their books and don't let their imagination work. I would say that open up your mind and let it explore the worlds untouched. Being an engineer is not limited to being innovative or creative but it is a necessity for the improvement of the society and that is the primary job of an engineer.

Give your club's logo in the attachment. *

Give a brief description of your club. *

The NSS (National Service Scheme) club of our college is a vibrant community dedicated to fostering social responsibility and community engagement among students. With a mission to instill the values of service and leadership, the NSS club organizes various activities and projects aimed at addressing local social issues, promoting environmental sustainability, and empowering marginalized communities. Through volunteering, awareness campaigns, and skill-building workshops, members of the NSS club actively contribute to making a positive difference in society while developing personally and professionally. Joining the NSS club offers students a platform to connect with like-minded individuals, make meaningful connections, and create lasting impact in their communities.

Section 8

Give a few workshop titles and brief descriptions.

Cloth Donation Drive : Clothing donation drives are a great way to give back to your community and help those in need. By donating gently used clothing, you can help provide essential items to individuals and families who may not have access to them otherwise.

Tree Plantation Drive: Tree plantation drives are important initiatives that promote the benefits of planting and maintaining trees in our environment. Trees provide numerous ecological, economic, and social benefits, including cleaner air, reduced carbon dioxide levels, improved soil quality, and increased habitat for wildlife.

Give workshop pictures with names saved as per the workshop titles.

Give any partnership descriptive details along with titles.

The National Service Scheme (NSS) has partnered with the Unnat Bharat Abhiyan (UBA) to conduct village visits. During these visits, NSS volunteers from institutions such as NIT Warangal immerse themselves in rural villages to gain a deep understanding of local issues and aspirations. This hands-on engagement allows for practical insights, fostering the development of community-aligned solutions.

The NSS and UBA village visit program also support the construction and enhancement of essential infrastructure in rural areas, encourage activities that bolster rural livelihoods, and empower women in rural areas. Furthermore, institutions like NIT Warangal undertake research and innovation projects that directly benefit rural communities, driving progress and addressing development challenges.

Add a few pictures of partnerships or Creatives if needed.
