Experience the excitement of Genero, our renowned annual cultural fest! Dive into diverse cultural, informal, literary, E-Gaming, and photography events. Each day features exclusive highlights, attracting enthusiastic participants from across NCR Delhi. Celebrate years of success and unforgettable experiences at Genero!

Facilities section:

Hostels

Experience the ease and comfort of living at ABES Engineering College hostels. With 6 boys' and 2 girls' hostels, we offer a range of room options (AC and non-AC) in single, double, and triple sharing. Enjoy excellent facilities including basketball, badminton, and lawn tennis courts, table tennis, a gym, laundry services, and mess and canteen facilities in each hostel, ensuring your stay is as convenient as possible.

Clubs:

ABES offers a vibrant range of clubs to enrich students' lives. Join our yoga, meditation, literature, cultural, creative, sports, debate, publication & magazine, environment, social activity, NSS, photography, mental well-being, and tourism clubs. These clubs provide opportunities for personal growth, community engagement, and creative expression.

Basic Amenities:

Enjoy top-tier facilities at ABES Engineering College, including a swimming pool, floodlit stadium, and courts for badminton, lawn tennis, basketball, and table tennis. Additional amenities include air-conditioned classrooms and faculty rooms, a medical room with ambulance services, an auditorium, an open-air theater, five seminar halls, five canteens, a temple, faculty residences, and a guest house.

Library

The library at ABES is a comprehensive resource center designed to meet the needs of students and faculty. Spanning 1384 sq.m with a 400 sq.m reading area, it offers a high-class facility with over 112,334 books, 1224 e-journals, 8074 e-books, and a seating capacity for 250 users. Fully

automated since 2006 and now using KOHA for library management, the library ensures seamless access to many resources, including remote login for e-resources. The library supports self-learning and research with extensive collections and modern amenities, making it a pivotal part of the academic environment.

#### Dining Services:

ABES offers excellent dining services with seven canteens—five on the college campus and two in the hostels. Our seven messes and seven kitchens are equipped to serve 2000 students, providing a variety of nutritious and delicious meals that are sure to satisfy your taste buds and keep you energized throughout the day.

#### Classrooms:

Experience state-of-the-art learning environments at ABES. Our classrooms have modern amenities, including air conditioning and advanced audio-visual aids, ensuring a comfortable and conducive atmosphere for academic excellence.

#### Sports facilities

ABES boasts top-notch sports facilities, including a swimming pool and a floodlit cricket stadium. Our campus features courts for badminton, lawn tennis, basketball, table tennis, soccer, and volleyball. Additionally, we offer facilities for chess, shot put, javelin throw, athletics, and snooker, catering to a wide range of athletic interests and promoting a vibrant sports culture.

#### Health and Wellness Section:

##### Medical services

ABES prioritizes your well-being and offers comprehensive health and wellness facilities. Our campus includes a medical room with ambulance services, a doctor, and spaces for yoga and meditation. These amenities ensure students maintain a healthy and balanced lifestyle.

##### Counselling Services

ABES prioritizes student well-being with dedicated counseling services. Through "Your Dost" counseling sessions, students can access professional mental health and personal development

support. These sessions provide a confidential and supportive environment, helping students navigate academic and personal challenges effectively.

#### HUHC (Help Us to Help the Child)

Empowering through Education: Founded by ABES alumnus Shwet Prakash Srivastava in 2012, HUHC (Help Us to Help the Child) is a community dedicated to educating children in slum areas without access to schooling. Under the guidance of Dr. Devendra Kumar Arya, HUHC employs the Inclusive Tri-Educational Model (ITEM) to reach underserved areas. Our initiatives include literacy centers where volunteers regularly teach children and Kiran Shiksha Sansthan, a School of Hope near ABES that offers a supportive, school-like environment. Join us in empowering disadvantaged children through education and helping them achieve their full potential.

#### LDL (Light De Literacy)

"Educate, Empower, Enlighten"

The Light De Literacy (LDL) initiative at ABES Engineering College is committed to identifying and educating underprivileged children, empowering them to become dignified and self-reliant members of society. Our motto, "Educate, Empower, Enlighten," reflects our mission to help children discover their hidden potential and become catalysts for social change. LDL enables these children to grow, succeed, and shine as responsible citizens by providing quality education and support. With over 40 children admitted to schools, our program has seen remarkable achievements in academics and sports, fostering overall development and success.
